

## Brexit Impact Statement

The United Kingdom is scheduled to leave the European Union on 29th March, 2019, commonly referred to as “Brexit”. Vokèra Limited is committed to minimising disruptions to our operations and providing our customers with the service levels expected of us. To that end, Vokèra Limited is evaluating and implementing multiple strategies to try and counteract the impact of the various scenarios, including a “no deal” or “hard” Brexit, to endeavour to ensure a reliable supply of products and services, and to minimise the impact upon our customers, suppliers and stakeholders.

Vokèra Limited continues to monitor events and is preparing for a number of Brexit scenarios, whichever may be realised.
